.....
SPECIAL BULLETIN FOR "SCRIP TALK".....

A COAL TOKEN DESCRIBED AS POSSIBLY THE OLDEST METAL COAL TOKEN KNOWN CHANGED HANDS AT THE BECKLEY, WEST VIRGINIA MEETING OF THE NATIONAL SCRIP COLLECTORS ASSOCIATION FOR A PRICE OF \$600.00. THIS UNIQUE PIECE REPRESENTS, TO MY KNOWLEDGE, THE HIGHEST PRICE EVER RECORDED FOR A COAL OR MINING TOKEN !!

TOKEN DEALER DAVE SCHENKMAN OF MARYLAND SOLD THE ITEM TO A VIRGINIA COLLECTOR DURING THE BECKLEY MEETING OF COLLECTORS.

SCRIPTOR SCHENKMAN NOTED THAT THE TOKEN WAS AN EMBOSSED SHELL CARD DESCRIBED AS FOLLOWS: OBVERSE - "CRESCENT/ COAL & SALT CO/10 CENTS/ WEST COLUMBIA"
REVERSE - "REDEEMABLE/IN/MDSE. ONLY/ AT THE/STORE OF THE CO."

SCHENKMAN ADDED THAT THE TOKEN WAS NOT KNOWN TO BE AN EMBOSSED SHELL CARD UNTIL HE ACCIDENTLY DROPPED IT ONE DAY AND DISCOVERED A DULL THUD UNLIKE THAT OF A REGULAR TOKEN. A GOOD EXAMINATION INDICATED THAT TWO PIECES OF EMBOSSED BRASS HAD BEEN JOINED WITH A RIM WITH THE CENTER OF THE TWO PIECES BEING FILLED WITH PAPER OR CARDBOARD. HE ADDED THAT EMBOSSED SHELL CARDS WERE MADE DURING THE PERIOD OF THE 1860'S TO THE 1870'S THUS THE PIECE CAN BE DATED WITHIN THIS PERIOD.

WEST COLUMBIA WAS LOCATED IN MASON COUNTY, WEST VIRGINIA ON THE OHIO RIVER OPPOSITE POMEROY, OHIO.

ADDITIONAL EVIDENCE TO DATE THE TOKEN BEFORE 1870 (WHEN SHELL CARDS WERE LASTIC MADE) WAS OBTAINED FROM THE OLD BRADSTREET MERCANTILE LISTINGS FOR WEST VIRGINIA. THE 1870 ISSUE LISTS A WEST COLUMBIA COAL AND SALT COMPANY AT WEST COLUMBIA (WAS CRESCENT COAL & SALT A PREDECESSOR?). THE 1882 LISTS A NEW CASTLE COAL & SALT COMPANY AT WEST COLUMBIA AND SHOWS THE TOWN POPULATION AT ONLY 200. THE 1912 and 1918 ISSUES LIST NO COAL OR SALT COMPANY AND SHOWS A POPULATION OF ONLY 205.

NOW THAT THIS INTERESTING TOKEN HAS SURFACED, ADDITIONAL INFORMATION ON THE COMPANY MIGHT BECOME KNOWN. ANY READER HAVING COMMENTS ON THIS PIECE IS URGED TO SHARE THIS INFORMATION WITH "SCRIP TALK" READERS.

Those of you who did not make it to the Beckley meeting really missed a good one !! We had about 75 people in the trading room on Friday. On Saturday, the official day of the meeting, we registered 53 members, 9 relatives of members and 15 guests.

In view of the interest in trading on Friday, the Executive Committee is seriously considering an official two day meeting. I would appreciate letters from you on this point.

For the May meeting last year at Hawk's Nest, Scriptor Harold Lee of Morgantown arranged with John Gentile of Gentile Glass Works to make 12 paperweights from a special die showing a coal miner going to work. Seven were sold. This year I asked Harold to arrange for another special weight for the Beckley meeting. They made 20 and destroyed the die. The weight shows the date and location of the meeting and includes a crossed pick and axe depicting both the coal and lumber aspects of NSCA. The five first edition weights were sold for \$30 each, and 12 of the second edition went at \$20 each. Two more were sold later.

We plan to make a new design each year for the May meeting, thereby starting a related collection series for those who are interested. The remaining weights will be sold to the first six people who send me \$20 plus \$3 for postage and packing charge. Any unused money will be refunded.

We also started another new collection series in that we designed a special plastic token as a souvenir of the meeting. One was given to each person who registered on Saturday at Beckley. Those that are left will be used as a new member bonus. Each new member signed between May 4, 1980 and the next October meeting will receive one as a gift. All pieces left over in October will be destroyed and the actual number distributed will be recorded in the minutes of the meeting.

A new token is planned for each semi-annual meeting. If you want one, you must come to the meeting. None will be sold by NSCA.

One significant action at the meeting was the introduction of a proposed Code of Ethics for NSCA members. It is being published in SCRIP TALK for your comments. Please send them to me. At the October meeting, we will vote on its adoption as an amendment to the Constitution and By-Laws.

During my travels around the country, which incidentally are paid by myself at no expense to NSCA, I have received several inquiries about the income and expenses of NSCA and the cost of printing "SCRIP TALK". In view of this interest, Walter Caldwell prepared cost estimates for two representative issues of "SCRIP TALK". One was a 28¢ postage issue and the other cost 41¢ to mail. Since Walter made these for me, I am sharing them with you on the next page.

Elsewhere in this issue you will find the Treasurer's report which has been expanded to show where the money came from and how it was spent. If you have any questions about either report, please let me know.

By the time this is printed, I will be in Texas visiting my mother and attending the New Willard saw mill homecoming. I also expect to meet with the Texas Trade Token Collectors at John Ribbe's house in College Station. I have enjoyed these meetings in the past and am looking forward to this one.

THE PRESIDENT'S CORNER

Claude Travis arranged a nice mini-meeting at Lake Malone, Ky. on April 13, which I attended. Several new members were signed up.

Incidentally, an Associated Press writer came to Lake Malone and wrote a story with pictures of your President which made the national wire service. It was picked up by a number of papers including the Sunday New York Times on May 4. This gave NSCA the kind of nation wide publicity which money can not buy. How many of you saw it?

My son Mike and I spent two days with Dr. M. David Orrahood making foils from his unlisted tokens for Don Edkins' use in the next book. David had more than 3,000 tokens for us to look at, from which we found 142 which were unlisted. We really do appreciate the opportunity to get David's collection in the catalog.

If any of you have tokens which still are not listed, please send them to Don Edkins, or let me know. Perhaps we can arrange with Don to make foils in your own home or at a special meeting some place.

This leaves \$71.56 from January issue and \$41.48 from February issue for the Editor's use to cover the cost of depreciation on printing equipment, repairs, office overhead and other administrative expense associated with printing "SCRIP TALK" and conducting the mail auction. Another expense arises because, sometimes there are members who refuse to either pay for their auction lot or to return them not realizing that all scrip cannot be BU condition. This extra expense is not reflected in the figures above and comes out of the Editor's pocket. Future bids from these members are not tabulated until the debt has been cleared up.

NOTICE: FOLLOWING IS A DRAFT OF THE PROPOSED "CODE OF ETHICS" FOR ADOPTION AT THE FALL 1980 MEETING TO BE HELD IN RICHMOND, KENTUCKY IN OCTOBER. ALL MEMBERS ARE URGED TO STUDY THIS PROPOSAL AND FORWARD ANY COMMENTS TO PRESIDENT W. E. WILLIAMS, BOX 3015, OAK RIDGE, TENNESSEE 37830.

+++++
Membership in the NATIONAL SCRIP COLLECTORS ASSOCIATION is a privilege extended to those who agree to subscribe to the principles and purposes of the Association and who meet the other requirements of membership.

The CODE OF ETHICS has been duly adopted by the Executive Committee of NSCA and approved by majority vote of those members in attendance at the regular semi-annual meeting of NSCA on October ___, 1980.

A breach of ethics by any member reflects directly or indirectly upon other members of NSCA and upon the sincerity and integrity of the purposes of the Association. Since such action is prejudicial to the welfare of the National Scrip Collectors Association, any breach of this Code of Ethics may be cause for disciplinary action by the Executive Committee as provided in the Constitution and By-Laws of the Association.

As a condition of approval for membership in the National Scrip Collectors Association, each member specifically agrees to conform to the following provisions:

1. Support and be governed by the Constitution and By-Laws of NSCA and such amendments, resolutions and policies as may be duly established.
2. Abide by all federal, state and local laws relating to numismatics in general and to scrip and tokens in particular.
3. Bring no reproach or discredit to NSCA or to membership therein or to the collecting of scrip and tokens by any personal action or conduct.
4. Abstain from buying, selling or trading scrip, tokens or other numismatic and hobby material of which the ownership is questionable, and report promptly to the proper law enforcement agencies information on suspected stolen material.
5. Correct promptly any error made in any transaction.
6. Abstain from knowingly selling, trading, producing or advertising any counterfeit or reproduced material in any form in violation of any law.
7. Bring known examples of irresponsible or unethical tactics to the attention

of the Executive Committee.

8. Conduct transactions fairly, with integrity that is responsive to legal requirements and to the highest ethical standards.
 9. Read, understand and be bound by the "Terms of Sale" conditions before submitting a bid in any auction of scrip or tokens.
 10. Maintain a high level of personal conduct in accordance with accepted standards of morality, honesty and courtesy while conducting or participating in any scrip collection activities not specifically cited elsewhere in this Code.

TOKEN AND MEDAL SOCIETY

Your NSCA Secretary is a candidate for election to the TAMS Board of Governors !! Those of you who belong to TAMS will be

receiving ballots shortly. I would appreciate one of your ten votes. Too, I would appreciate hearing from you if you have matters that should be brought to the attention of the

Board at the Cincinnati meeting in August. And, if you plan to attend TAMS, please look me up !! Believe that I will be housed at the Netherland Hilton so leave a message there or contact the Message Center at ANA bourse. They have facilities each year for messages !!

Several other NSCA members are also candidates for election at TAMS. Remember your Scriptor friends when you cast your ballots !!

.....

"SCRIPTORIAL"

Comments were indirectly received by your Bulletin Editor at Beckley relative to his "lining his pockets" as a result of bulletin profits !! As will be noted in President Williams' remarks in this issue, I believe that you will agree that I am indeed getting rich from publishing the bulletin !! Hope that you will study these figures and see what really is factual !!

I don't mind telling you that had I taken the time a long time ago to figure the cost of the bulletin, I am afraid that there would be no bulletin now.... Many of the issues certainly cost me money "from my pocket" and the time taken to prepare these bulletins over the years might have been better spent working on my selling here at the insurance agency !!

But.. I do enjoy my scrip hobby and the "change of pace" in getting out the bulletin relieves the "pressure" of my regular work !!

Other comments were directed to me relative to the current prices of scrip !! I know that most of realize that the day of the five cent token is gone !! Just as the cost of everything is being driven up by inflation, so is the price of tokens.. The economic theory of "supply and demand" works in the token field as it does elsewhere. The more collectors that get into tokens (and more are turning from coins everyday) the more valuable your personal collection will become!!

When a "hard times" token realizes \$6000. (Garrett Sale), I don't feel that \$600. is out of line for a coal token!! This is something that we must live with.

NATIONAL VICTORY SUPPLY CO., Madsville, WV - At least one roll of unc dollars turned up several years ago. I doubt that more than one roll was found. 12 sets have been sold. \$7.85 to \$18.95. The supply appears to be exhausted. Probably a good but at current prices. Only three sets sold since 1977. (Ed. note: I remember way back when a set of this was pictured in 'Coin World' I believe it was and I searched and wrote for several years before finding any pcs from this company. A supply finally came up and sets are now available as Charles noted.)

No. 8, SPRAGUE, WV. - 2 sets sold \$26.50 5 to \$1; \$47.75 1¢ to \$5.

No. 9, SKELTON, WV - (Comments: Many sets have been sold. Don rates the \$5. pc at R-9 for the No date type and R-8 for the 1946 and 1948 dated types. Ancil and I used to attend a flea market at Beckley, WV. He knew of a Gulf service station in the area that redeemed this scrip. (Ed. note: was owned by coal company) We stopped one day and sent through a cigar box full of Skelton \$5 pcs. We examined almost every piece hoping to find another location. 75% were No date type. Also, an old gentleman who attended the flea market always had a pocket full of \$5 Skelton pcs. I estimate that he carried one hundred or more pcs. The No date type should be rated R-1. Dated varieties are R-7. (Ed. note: As most are now aware, all of the NewRiver scrip is stored in the vaults at Mt. Hope offices and Craigo reports that some pieces are no

longer even in storage - for example - only ONE 50¢ Wickham location piece is known! Too, additional pcs have become available in past months and several collectors are close to completing all sets and all locations.)

NO. 16, OSWALD, WV - Two listings for 10¢ only. \$3.10 and \$5.50.

M Punch - MABSCOTT, WV - 1 listing (1978) 5,10,25¢ au cond 04'49 \$23.75.

I still need fifteen to twenty pieces to complete my sets. I don't collect the \$5 pcs. N. R. & P. CONS. COAL CO. (Monobel) - 5,10,50¢ pcs sold - no exciting bids.

N. R. & P. STORES (Various locations) - In his auction, Ed James sold a page (4 sets) of scrip as one lot. The page contained the Berwind (triangle cut) set, the Layland 24 set, and the Kaymoor 26 set. The other set was New River No. 1. Ancil bought the page for \$105.00. I talked with him later and he told me that the 24 set was not all Layland. (Ed. note: Many years ago, the company called in all of the metal scrip and started using paper scrip. Since most miners could not financially keep many of the metal pcs, it made it very difficult to locate pcs in later years. With so many locations available, I have been able to complete only three location sets! Thus, it is very tough scrip!)

(Berwind triangle cut) - 2 listings 1 set 5 to \$1 sold for \$51.60 in 1975. The set was a real steal! 10¢ (1976) \$5.60. 3 other listings omitted.

14 - Newhall - One 1¢ and two 5¢ sold. \$3.55 to \$4.10.

21 - Tourison - 4 listings 1,5,10,25¢ have been sold.

24 - Layland - 5 listings 1,5,10,25 & 50¢ have been sold. HP (1976) \$22.75 for 1¢ thru 50¢. Only two 10¢, two 25¢ and one 50¢ have been listed.

25 - Leslie - 4 listings Three 1¢, two 5¢, one 10¢ and one 25¢ listed. HP \$(1976) \$15.50 for 1,5,10 & 25¢.

26 - Kaymoor - The Donohoe set sold for \$38.75 1¢ to \$1. A set in 1977 5¢ to \$1 sold for \$42.50. A 5,10 & 25¢ (1976) sold for \$9.50.

27 - Garten - 5 listings. One set 1¢ to \$1 (Ex-Donohoe) \$38.75. 1,5,10,& 25¢ (1978) \$10.85. (Ed. note: Hope that you will pardon the personal reference but a 1¢ Garten pc started me on scrip collecting many years ago. I had not seen any reference or written material on scrip and happened to get a token list from some dealer in Texas offering a 1¢ Garten pc - among others - and since this mine was near my home, I remembered having a few pcs that my father had saved. Started checking and started looking for scrip and after placing a few ads in local papers found that James was collecting in nearby Charleston and Bill Duke was collecting in Kentucky. From there started the first scrip bulletin and all that has happened since!)

28 - Thayer - 2 listings. 1¢ br 02 (1976) \$12.15; \$1 nipl 02 (1976) \$12.85.

29 - Minden - 7 listings most for 1,5 & 10¢. 1,5,10,25,\$1 (1976) went for \$27.55. 1¢ thru 25¢ (1978) \$11.00. Few collectors have a set of N.R. & P. scrip. The next set that Walter sells will probably bring \$100.00 +.

SALE NUMBER 64

CLOSED: May 23, 1980

A large number of token collectors took advantage of the opportunity to acquire tokens from the great Jensen collection being offered in the current sales... If you did not bid in Sale No. 64, don't miss the opportunity in Sale No. 65 which will close July 15, 1980.

The Jensen collection contains many, many unlisted and R-10 tokens!! Too, you have the opportunity to upgrade the tokens in your collection. The Jensen tokens are of highest quality and any bad defects are noted on the listings so that you can bid with confidence !!

On tie bids, the earliest postmark is awarded the lot !! Because of the rarity on many of the tokens, we have retained the right to withdraw any lot and also to reject unrealistic bids!! We must do this since we paid a high 'five figure' price for this collection.

NOTE: We have several consignment lots to offer in the coming sales, however, will have to hold these until the Jensen collection is moved. If you have sent in tokens to sell, please wait and I will get to them shortly !! Thanks !!

SALE COMMENTS: As will be noted above, the Savanna Indian Territory token took top honors in the sale with a price of \$125.65. Close behind was the R-10 set of W. H. Dawson, Farmington, W.Va. (Jamison Coal Co.) which realized \$105.00. As has been noted, many of the items in the "Jensen Jewels" have never been offered before and all collectors are urged to take this opportunity to acquire these tokens at your bid prices!! We are attempting to hold the minimum bid listings down on this great collection so be sure and look closely at the tokens being offered in Sale No. 66.

As previously noted, we have several lots consigned by members for listing. These will be included in a future sale just as soon as we can get the bulk of the Jensen collection listed. Please be patient and we will get to your listings !!
